It's the final clearance of the world's largest shoe manufacturers' clearing house. (EVERYBODY'S is the one great clearing house of its kind in the United States.)

Bear in mind these shoes are sold at less than actual manufacturing cost—many at prices at which dealers, themselves, would be glad to buy—and we have no objections to their buying, for an immediate clearance is of paramount importance. You will do well, therefore, to come early and pick your shoes while selection is best.

Nothing Reserved—and Every Shoe Guaranteed Exactly as Represented.
